GUEST SPEAKERS

Rob & Cynthia Watkins

Probably not in the same category as Rob & Cynthia's work, but it is as close as I can get to a wildlife photo.

What's On?

April 1

Member Presentation: Brian O'Connor
Guest speakers: Rob & Cynthia Watkins, on wildlife photography and their photographic expedition to America.

May 3

Kid's Camera Course - Practical day designed specifically for children.

May 6

Painting with light - this is a night time adventure, taking pictures in complete darkness. You will need to bring a tripod, camera, torch, warm clothes and sense of humor.

Member Presentation: Adrian Cook

May 8

Closing date for the June competition.

May 16-17

VAPS Muster at Macedon

May 30-31

Weekend trip away - destination to be advised.

June 3

Competition - Open. Each member may submit 5 colour and 5 monochrome images to a max size of 16" x 20".

Member Presentation: Brian Ayers

Castlemaine Camera Club

Meets the first Tuesday of each month at the Salvation Army Hall, in front of the Castlemaine Railway Station at 7:30pm.

President: Trevor Westlake: 5470 6112
Secretary/Treasurer: Mr. Brook Acklom: 5472 2601

Comp Sec.- Kathy Parsons: 5470 6019

Bendigo Camera Club

President's Report

We are all looking forward to tonight's presentation by Rob and Cynthia Watkins. Their stories and images are truly amazing and inspirational, so my thanks go out to Rob and Cynthia as I know they always give the Image Makers special consideration in their very busy schedules. THANK YOU.

Coming up next month is our painting with light practical night so we remind all members that we will be going out in the dark to take photos. You will need to bring your camera, a tripod, a torch, sturdy shoes and a jacket. You will also need to know how to set the shutter speed on your camera, so if you are unsure ask someone to assist you before we get out in the dark as it will make your night so much more enjoyable. The exact destination is yet to be confirmed but if travel is needed (it won't be far) we will car pool. We will meet at the Highland Society at 7.30pm and then move out from there. The room is not booked so we will meet in the car park.

Our kid's day is looming also, but the date may have to be changed, so we will tell you via email about the final arrangements. If you have a child or know of one wanting to learn photography this is a great opportunity. Ideally the age range is from 8 to 16 and they must bring their own camera.

May 8 is the closing date of our next competition and I know that you all have some amazing images. Please get them to me early so that I can arrange an appropriate judge. The subject is open, so don't be scared of putting something in. You all have images worthy of entering, but if you are having trouble choosing just put together 10 or 15 and we will be happy to help you choose.

May 16 and 17 is the VAPS Muster at Macedon, which is a great convention of photography with guest speakers, practical sessions and just socialising with people of likeminded interests. I will be forwarding more information over the next month.

As I said, a busy time ahead but a very enjoyable one. It is a great time of year to be out taking photos so just get out and start snappin'!!!

Nola

PHOTO QUIZ

Answer from last month: It is just approx 400m from here on the corner of High and Kars Street. Opposite the bowling green.

This month may be really hard. If you have been to Melbourne taking photos then there is a good chance you know where this picture was taken.

Answer next month.

The Melbourne Aquarium at night. *You must be getting tired of my photos by now. How about sending your favourite photos to me and I will put them in.*
